Staffing Services

Our Staffing Model

Each day, we are passionate about what we do and we're grateful for the opportunities from our clients; we strive to come through every time. Our approach to every opportunity is to handle with care and professionalism. We work to gain an understanding our clients' business, goals and immediate needs so that we can effectively match highly qualified candidates to develop and enable smart solutions for short term contract, long-term contracts or permanent hire. We advocate for our customers to ensure that they find high level applicants.

People Power

Plaintiff's Adjusted Damages Supplemental Documentation

People are your companies greatest assets. With that in mind, our approach to everything we do is with the utmost of care and dedication. Within our fast-paced and ever-evolving world, many customers don't have time or resources to review hundreds or thousands of resumes, especially, when they find themselves in immediate need. Our sole priority is to locate only the best candidates, inform our clients, and to insure that the whole process work seamlessly with everyone involved.

Long-Term Partnerships

We strive to form lasting bonds with our clients, so that we can really gain an understand of what everyone needs and values are currently and as they evolve. When you decide to hire a candidate, you immediately invite them into your world each working day and onto your team. Locate that perfect person certainly matters. Analyzing lengths of contracts and position levels, we are committed to matching the right candidate with the opportunity.

Consultation

This is the start. We're going to learn. About you, your team, your vision, and about what it's going to take to bring you the very best talent. What you can expect in return is commitment. We'll share all we know to help update and educate you on the current market and the real-time talent pipeline. Contact us at Services@TheAerospaceProfessor.com or call (888) 302-1118.

Build

This is where it gets fun. You know us. We know you. Let's build something special. Let's optimize your business in ways unimaginable. We look forward to the journey.

"Look Above"

"We Cannot Rise Above, Until We Begin to Look Above" - Jeffery Battle, The Aerospace Professor Company

Battle Enterprises, LLC and its subsidiary The Aerospace Professor Company, are led by an Aerospace Professor, Engineer, U.S. Air Force veteran, and former federal Contracting Officer (CO). Please support our goals through product purchases, service offerings, and our philanthropic mission. Our company is officially certified through the United States Department of Veteran Affairs (VA) as a Service-Disabled Veteran-Owned Small Business (SDVOSB).

Our Mission

Common interests in space exploration, commercial aviation and aerospace, has been re-invigorated; and The Aerospace Professor Company is a leader in the new frontier.

A large percentage of the world's economy now depends on the performances of Aviation, Aerospace, and Science, Technology, Engineering, and Mathematics (STEM) technologies. The Aerospace Professor is an advocate and supporter of education for children and young adults in Aviation and Aerospace, and STEM.

With enthusiasm and strong work ethics, we provide quality services and products through Proposals, Quotations and E-Commerce. We

Plaintiff's Adjusted Damages Supplemental Documentation

are an advocate for Aviation and Aerospace advancement and we are an advocate for Science, Technology, Engineering, and Mathematics (STEM) education.

Our professional staff includes many of the finest personnel in the management, technology, and acquisitions industry, with decades of experience and high demand qualifications. We operate with integrity and strives to only accept the very best performances. We provide dedicated support to our community and we are a veteran owned and operated business.

Our Owner and Chief Executive Officer (CEO), has professional credentialing and an association with a world renowned aeronautical university as an Adjunct Professor. Hence the brand name, The Aerospace Professor!
